POOL CUES AND GIRDLES HELP SPEAKER TELLS MEN'S CLUB

A collapsible pool cue and \$750 hidden in a girdle are a couple of items that have been turned in to the Goodwill Industries.

Charles Spisak, public relations director for the San Diego Goodwill Industries, told about these and other unusual items that come to Goodwill at a noon meeting Friday of the Lemon Grove Men's Club.

Spisak, who has been a resident of Lemon Grove for 14 years and with the Goodwill Industries for 15 years, told how the used clothing and household items donated to Goodwill provide work for many handicapped persons.

Spisak said the Lemon Grove Goodwill store at Imperial and Grove is open from 9 to 5:30 p.m. Monday through Saturday except Friday when it is open until 9 p.m.

Persons having items for Goodwill can leave them at the Lemon Grove store or can call the downtown office for pick-up. The number is 232-6781.

Program chairman Chuck Buckles said the speaker this week will be Boy Scout District executive Max Elliot. His subject will be "Guidance for Tomorrow."

Church Proposes To Build Atop L.G. 'Paper' Street

SAN DIEGO (CNA) — County Planning Commission action on the request of the First Baptist Church of Lemon Grove for a special use permit for an expansion of the existing church has been delayed until March 12 to give the church time to submit a revised plot plan.

The church proposes, according to architect David Mitchell, to build a new church north of the present church between Olive street and Main street north and south of Burnell avenue. The church property is split by the paper street of Burnell and the church proposes that Burnell be closed and the new church be built on that land.

The new plot plan would show the relocation of sewer lines

and a drainage channel as well as conforming to county requirements for dedication of land on Olive.

Several persons objected to the closing of the street. They were Ralph Lowery, L. B. Maxwell, Kenneth Matnoski, and John Young, Commissioner Gilbert Ray disqualifies himself saying that he also sometimes uses the road.

The objectors also said that Olive is too narrow for the traffic that would be generated by the new church and said that traffic from the Lemon Grove Women's Club to the south of the church property also causes a traffic problem.

Rezoning Given On Golden Ave.

SAN DIEGO (CNA) — County planning commissioners Friday approved a Lemon Grove rezoning after several property owners who had been included in the original staff proposal had their property withdrawn. It was requested by L. E. West for the property on Golden ave., west of Washington. He wanted R-3, multiple family residential, from R-2A, duplex zone.

The staff included all the property to Kempf st. as an adjacent area in the legal advertisement. The other owners, including Mayor Ray Fellows of La Mesa, wanted no part of the action especially as it involved granting additional right of way along Golden and Kempf.

Only the one lot was rezoned. The commission further indicated that it would look with favor upon a further rezoning of the notherly portion of the property to commercial.

Fayaton Bldg. To Go Western

Jack S. Gavett, a local cafe operator, said this week he will open a western dance hall in the Fayaton building, at Broadway and Olive, in Lemon Grove.

He has applied for a beer license. The Fayaton building was the scene of a near riot of teen-agers several weeks ago. Gavett said that the dance hall having a beer license would automatically exclude minors from the place.

He said he plans to open in

April for three nights a week. Adult western and square dance activities will be featured. Name bands will provide music, he said. The name of the place is yet to be decided upon he added.

He will employ 15 to 20 people in addition to band personnel, he said.

Gavett operates Club 94 in Spring Valley, which features dancing; Club 54 in San Diego and El Rancho on India at Five Points.

He lives at 3058 S. Bonita in Spring Valley.

Meanwhile, the sheriff's office announced that re-application had been made for a dance hall license by Wilbur Lee Keller at the former location of the Lemon Grove Piggly Wiggly market building, Broadway at Imperial.

His application had been previously denied by the county Board of Supervisors. If a license is issued on the second request, it will have to come from the supervisors, police officers said.

L.G. School Kids Smarter Than Rest

Lemon Grove School Superintendent Byron Netzel told the school board last week that "our kids are getting a little smarter and a little more able" than the state and national average.

"This was the third year of our state testing program," he explained to the board. "California ranks above the national average in ability and achievement and Lemon Grove youngsters rank higher than the state average."

"Their achievement is comparable to their ability," he added. "Our youngsters are smarter, he said."

1,336 New Readers Give Aid To Angels Unaware

The number of new subscribers to this newspaper reached 1,336 this week with the addition of 27 new families.

During the present campaign a portion of each subscription price goes to Angels Unaware, the East County Chapter of the San Diego Association for Retarded Children.

The center, at 1288 E. Lexington ave., El Cajon, serves retarded children from this area who are unable to attend regular school.

Families in this area are being called by solicitors asking

for subscriptions.

When a first time subscriber pays for the newspaper for two years through a representative of Angels Unaware \$3.50 is contributed to the center. Amounts ranging up from 10 cents are contributed to the center under other circumstances.

The funds are to be used for playground equipment for the children at the center.

Each week the list of names of families participating in the Angels Unaware project is printed in this paper.

S.V. Woman Files \$200,000 Suit

SAN DIEGO (CNA) — A \$200,000 damage suit was filed Thursday in Superior Court on behalf of Helen W. Raymond, 954 Gillespie dr., Spring Valley, by her mother Helen Raymond.

The suit claims that Helen W. Raymond, an incompetent person, was injured in a Dec. 25, 1964 riding accident at Bonita Valley Farms. The suit says that owner Robert Bradley and his agent William Henry Smith promised and warranted that the ponies available to the public for hire were gentle and that the equipment was in good order.

Mrs. Raymond claims that the pony broke into a run and that because of unsafe and improper equipment, Helen W. Raymond was thrown violently to the ground. The suit claims that Helen W. was injured by mental, physical and nervous pain and suffering.

Vandals Hit Local Church And Market

Vandals trying to break into the Lemon Grove Lutheran Church caused minor damage. The vandals prowled around the buildings and climbed to the roof. Windows were broken in the church office. Approximately \$5 damage was reported. The incident took place last Thursday evening.

The church is at 2065 Skyline dr., Lemon Grove.

At approximately the same time damage was being done to the church, Stanley's Market at 1827 Englewood dr., Lemon Grove, was robbed of \$7. The store was entered through a vent in the water heater room and the money was taken from a cash register along with an unknown number of ball point pens, cigarettes and other merchandise. The store was closed at the time of the theft.

Vandals Strike
Robert Fitzgerald of 3725 Linda lane, Spring Valley, reported to Sheriff's deputies that after he had spent a day last week placing foundation forms at a Lemon Grove construction site, vandals came along and pulled the forms out.

Fitzgerald set his loss at \$200. He said an order for \$150 worth of concrete to be used in the forms could not be cancelled. He said other damage at the construction site at the northwest corner of Hoffman and Massachusetts included caved in ditches and the removal of construction markers.

SAN DIEGO (CNA) — Otto L. Warden, 29, 1824 Englewood, Lemon Grove, has been sent to County Jail for nine months as a condition of three years probation for writing non-sufficient funds checks.

The sentence was imposed Thursday by Superior Court Judge Gerald C. Thomas.

Warden, a salesman, is married and has two young children.

He pleaded guilty to the charge. He told the probation officer that restitution has been made in most cases but the judge ordered him to pay further restitution if any is due.

The checks were cashed at various markets in Lemon Grove and La Mesa.

Newest Dance Fad Is Alarming

For those of us labeled "squares" who have been viewing the dancing habits of our youngsters with alarm, let it be said that the Dog, the Watusi, or the Frug need not concern us so much any more.

There's a new dance craze sweeping the imagination of the younger generation called the Bostella. Its one saving grace is that it hasn't reached California yet. It has just caught on in Paris and it makes all of last year's dances look like the quadrille.

According to NEWSWEEK Magazine, which apparently had an on-the-spot reporter on hand during a Bostella dance last month in Paris, dancers cried out "La Bostella" and began clapping their hands overhead and hopping from one foot to another. Suddenly the beat changed and the dancers threw themselves on the floor and writhed on top of one another for 45 seconds. They lurched to their feet and repeated the clap-and-collapse routine, according to the correspondent.

Later, at a dance hall in Lyons, 2,000 teen-agers were reported to have enthusiastically taken to the floor as "La Bostella" caught youngsters' fancy.

We don't know exactly how to assess this newest dance craze. For a guy who stood four-square against some of the other dances — others in which the partners didn't even touch — what degree of alarm can we view this one with?

Those of us whose parents worried while we occupied the front porch swing on a moonlight night, and who viewed with the same type of alarm the announcement that we were going on a night-time hay ride, can easily understand just how much a parent can worry over this newest dance development.

It could even be that the dance will achieve social acceptability since everything is out in the open and public.

We can't help but wonder how our parents would have responded if we had told them that we were going to a teen-age dance and that part of the routine is to fall on the floor in a pile and wiggle!

Grove Man Dies Following Fall In Swim Pool

Funeral services were held Monday at Glen Abbey for Cecil F. Troxel, a heavy equipment operator who lived at 2018 Fairhaven st., Lemon Grove.

Troxel's wife, Angela, who thought he was visiting his brother who lives next door, went to bed early. She awoke at 3 a.m. Friday and called police when she found him missing.

He was found dead on the bottom of his swimming pool at 3:35 a.m. An open chlorine bottle found floating in the pool indicated that he was adding the chemical to the pool and fell in. When he fell in the pool he injured his head.

Troxel had lived in Lemon Grove for 12 years and in the County for 15. He was treasurer of Boy Scout Troop No. 309, Lemon Grove.

He is survived by his wife; a son, Cecil Howard; two daughters, Cindy, and Mrs. Cecile Jarnell of Hollywood; a sister, Mrs. Tessie Nicholson of Oklahoma, and a brother Arva, who lives next door. Cecil and Cindy live at home.

FISH MARKET — Sandy Elmendorf displays some of the sea food that is on sale at the Lemon Grove Fish Market which opened this week. The store, at 8129 Broadway, Lemon Grove, is owned by Sandy and her mother, Mrs. Laura Trim. The store carries all types of fresh fish, Sandy said.

On the day of worship, enter into the Sanctuary and experience the renewal which comes to the heart and soul in the presence of God. God will send you out into the stream of society cleansed and shining for Him.

Mt. Miguel Club Gives \$50 To Bancroft School

Sixth grade camperships and the Student Body Fund of Bancroft Elementary School were the recipients of a \$50 check

from the "Y" Teens Senior Club of Mt. Miguel High School, according to Paul Radenheimer, Bancroft principal.

The Mt. Miguel group is a service club with a membership of 120 girls. Julia Wilson is president. The club recently combined with the Key Club of Mt. Miguel in a "Powder Puff" football game to earn money for worthy causes. The girls of Mt. Miguel played the Helix "Y" Teens in the mock football game which ended in a tie of 6-6.

Bob Marshall of Mt. Miguel was chosen Powder Puff King and the boy cheerleaders lent a helping hand to the occasion. Radenheimer said the game was a financial success and fun for both participants and spectators.

DEAN TELLS CASA DE ORO MEN OF GROWTH AT GROSSMONT J.C.

Laurence E. Coons, dean of admission and guidance for Grossmont College, gave some interesting facts and figures on the growth of the college at a recent meeting of the Casa de Oro Men's Club.

In presenting the history of the college, Coons said the original enrollment was 1500. At that time the college was located adjacent to Monte Vista High School and classes were concurrent to those of the high school. Early classes were taught in architecture drafting, data processing and secretarial science training.

More recent classes include dental assistants, electronics and Aero space (instrumentation). Day classes begin at 8 a.m. and evening classes at 7 p.m. Coons said the total spring enrollment is 3,727, with last fall's enrollment at 3,702. There are 4,435 students attending night classes this year. The spring day enrollment is 2,292. Coons said two-thirds of the students are studying for their bachelor's degree and the other on third plan vocational occupational programs.

Asked what the total cost of

the college was, Coons said the total cost, which included site acquisition, site development, construction and furnishings came to \$7,753,754. In the early days the board considered three sites for the permanent campus: Fletcher Hills, Monte Vista Ranch and Santee. He said there is still study for a second campus to be located in Spring Valley.

Asked about adults enrolling at Grossmont College, Coons said any high school graduate and in many cases, persons who have not graduated from high school. He said the college has a "placement examination" for non-high school graduates. Persons interested may phone the college at 465-1700 or stop at the office, 8800 Grossmont College drive, El Cajon (Fletcher Hills).

Secretary-treasurer of Casa de Oro Men's Club, Ronnie Svastad, said the speaker March 9 will be Max Goodwin, local publisher.

He will discuss the newspaper's responsibility in the community.

Casa de Oro Men's Club meets at noon each Tuesday in the Golden Bowl, Campo road. All men of the area are invited.

LETTERS TO THE EDITOR

Dear Editor,

Have you heard any of those silly U. N. commercials on Radio and TV lately? The ones that begin, "I was sitting in this bar and the guy on the next stool began to knock the U.N." and end, "...so maybe the U.N. hasn't done (thus and so) but who's crazy enough to want to find out?"

For some reason those U. N. commercials remind me of the old "Snake-oil" medicine shows. Without actually citing one single thing his product has cured, the huckster suggests great and marvelous benefits to the users for any of all kind of ailments; adds a few testimonials, and tops it off with a suggestion that only an idiot would dream of living without it.

The huckster's elixir was relatively harmless; even though it didn't cure anything, the suckers who weren't really sick got a mild "glow" and a pretty good show for their money. But for the gullible victims with a real illness, the results could be fatal — for faith in the medicine man's claims plus the feeling of well-being produced by the alcohol content of the elixir lulled them into such a false sense of security that they failed to take action against the disease until too late. Oh yes, and some of them died of their diseases still sure the snake-oil was helping, and calling worried relatives "crazy" for not believing in it.

Is it a sign of insanity to ask what we are getting besides a glow and a show for the money and faith we have put into the U.N.? The patients (peace and freedom) were in pretty bad shape when the medicine show first came to town, and after eighteen years of U.N. snake-oil they are steadily getting weaker. Isn't it time to analyze the elixir, diagnose the disease, and, if necessary, cut out the cancer before it is fatal? Or do we simply shut our eyes and continue the snake oil on the grounds that it must work because the patients aren't quite dead YET? It doesn't require a medicine show halluway to sell a genuine cure; why, after eighteen years, does the U. N. still require one — IF it IS working.

Sincerely,
Neva F. Kindred

New Kiln Fires Interest In Crafts At Mt. Miguel

The Mount Miguel High School crafts department, now has a new kiln to fire the imagination and projects of its students.

Installed recently by the Alpine Corporation from Culver City on the Mount Miguel campus, the kiln is a furnace which bakes clay projects into hard

substance, according to Roger Moreau, crafts and photograph instructor.

Moreau said, "The kiln will make student projects more professional looking and add an incentive for more students to enter crafts classes."

He estimated that with the new kiln it would take only one day to finish firing projects that usually took a week. Projects from last year are still on the shelves waiting to be fired. More than 60 student projects will be fired in the Miguel kiln, which is the last one to be installed in a Grossmont District school. "The small kiln which we had before," said Moreau, had a 2-year life, although we have had it for seven years."

Because the kiln can generate heat up to 2500 degrees F., students are warned not to go near it while in operation.

Spring Semester Tops Preceding Semester At Grossmont College

For the first time in Grossmont College history, spring semester enrollment has topped that of the preceding fall semester.

Total spring enrollment at Grossmont is 3,727, Dean of Admissions Laurence E. Coons announced. Total fall enrollment was 3,702. Coons noted that virtually all colleges experience a 10% enrollment drop from fall to spring semester.

Coons attributed the spring figure to an unexpected increase in night student enrollment. There are 1,435 attending evening classes this spring, against 1,236 last fall. The spring day enrollment is 2,282; last fall, the figure was 2,466.

Spring semester students both day and evening have also taken on slightly higher study loads than this time last year.

Test To Be Given Tuesday For National Scholarship

Eleventh grade students at Mount Miguel high school will take the 1965 National Merit Scholarship Qualifying Test on Tuesday, March 9.

According to Mrs. Vela L. Gwin, counselor for this group, students will report to Room 111 at 8 a.m. for the 3-hour examination of educational development.

Test scores of students who take the test will be sent to the high school before May 15.

Mr. Gwin said that many students who do not expect to win a National Merit Scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test.

More than 14,000 semifinalists, the highest scorers in each state, will be named early next fall. It is customary to publish their names in a booklet which is distributed to all colleges and to other financial sources of aid for undergraduates. Their names and test scores are also sent to the two colleges that they list as their preferred choices at the time of the test.

A semifinalist takes a second examination and, if selected on the basis of test score and other requirements, then becomes a finalist in the competition. Winners of the Merit Scholarships will be selected from the finalist group on the basis of school records and recommendations.

Scholarship stipends are based on financial need. The minimum award is \$100 and the maximum, \$1500.00. The average stipend awarded to freshmen Merit Scholars in 1964 was \$757.00 annually, or about \$3,000 for four years of college. The stipend may be increased at any time if the student's financial needs change during his four years of college.

Wrecking Yards Get Sups. Study

SAN DIEGO (CNA) — County Supervisors Tuesday decided to form a 12-man committee to study the problem of where to locate automobile wrecking yards in unincorporated territory.

Fifth District Supervisor Robert Cozens suggested that the yards be allowed in most zones adjacent to county dumps when burning or sanitary fill. Cozens said that the dumps are placed in isolated locations as far as is possible.

The Board action was at a hearing on an amendment to the zoning ordinance to allow wrecking yards in agricultural zones and in the relatively clean M-2 industrial zone, on the issuance of a special use permit.

A number of objectors spoke at the meeting. Wes Perline, secretary of the Farm Bureau of San Diego County, entered that group's objection but said later that Cozens plan "had merit" and should be studied further. He said that bureau did not consider wrecking yards compatible with agricultural areas.

Second District Supervisor Henry A. Boney made the suggestion for the citizens committee which Chairman Frank Gibson is to appoint. Boney said that the committee should be chosen from a wide group and represent agriculture, the wrecking industry and the public.
